### **Slack & Co. Ranked on *ENR's* Top 600 Specialty Contractors List**

**Houston, TX**—On October 7, *Engineering News-Record (ENR)* released its 2009 list of top specialty contractor firms in the United States. Slack & Co. once again appeared on the list, earning the ranking of number 452.

*ENR's* annual list ranks the 600 largest specialty contractor firms in the nation based on the previous year's revenues. In 2009, a total of 46 Texas-based specialty contractor firms made the list, 19 of them from Houston.

"We experienced tremendous growth in 2008, despite the unfavorable economic conditions our market faced during the third and fourth quarters," says Slack & Co. President Jim Slack, Jr. "We are proud to be named among many successful firms in Texas and across the nation."

This is Slack & Co.'s third year to appear on *ENR's* top specialty contractors list.
